School Climate Survey
We have received our school climate survey results back from SRC. The information is very comprehensive and provides comparative data with the 2013 survey. The information is divided into 4 main categories which include staff, students, parents and school board. A copy of some of the information relating to the parent surveys is provided as an attachment. The information is still currently being analyzed by staff and will form part of the data that is used in generating our school’s 3 year Strategic Plan for school improvement.

ICT Plan and Policy
The updated policy has been loaded to the website. We are currently collecting signed agreement returns from all students yr 1-yr 6.

Skoolbag
Hopefully parents have had an opportunity to evaluate the skoolbag app. Please provide any written feedback via email or make known at this meeting. If the feedback is positive enough we will open to all parents in the new term.

New Carpet
The carpet for all classrooms year 1 to 6, including library and computer lab will be replaced over the holidays.
